Strong's #8034, *shem*, "an appellation, as a MARK, or memorial of individuality." From this definition, it is clear that Yahweh's name not only represents His character, but also His "mark," of individuality; by implication, His honor, authority, and character. A "mark" is something written. Yahweh's "mark," or "name" on His subjects, or time, i.e., shows His ownership, just as Satan's mark on his subjects and time reveals his ownership.
