# HACKING THE CREATORS CODES

## *The Dark Secret of Gene-therapy "Vaccines"...*

In Matthew 24:6-8, Messiah warned that the Beginning of Sorrows would include "pestilences", which are diseases. Notably, in Egypt, both the magicians and God were a part of bringing on the first 3 plagues, which suggests that wicked people will play a part in creating/unleashing the pestilences (not the 7 Last Plagues) in the Last Days.

The COVID-19 virus and its supposed vaccines are certainly among the pestilences which our Saviour warned would be unleashed upon the world in the Beginning of Sorrows. But the worst part of this pestilence isn't the debilitating degeneration to body organs, nor the threat of cancer or blood cots which cause heart attacks and strokes. The worst part is that the so-called "vaccines" are actually gene therapy which is designed to change our DNA!

In so doing, not only are humans being changed on a DNA level, but now there is scientific evidence that our Creator's Name and Signature is in our DNA. And this new gene-therapy "vaccine" erases that Signature!

## HACKING the CREATOR'S CODE

**Genesis 1:27** — “So God created man in His own image, in the image of God created He him; male and female created He them.”

In 2008, Ben Stein, who began his career as a speechwriter for U.S. presidents Richard Nixon and Gerald Ford, released an eye-opening documentary, ***Expelled: No Intelligence Allowed***. In the film, Ben Stein traveled the world on his quest to discover why Big Science had expelled the possibility of there being a Creator, from the classroom. In the video, it is revealed that educators and scientists are being ridiculed, denied tenure and even fired—for the crime of merely believing that there *might* be evidence of Design (*indicating a Creator*), and that perhaps life is not just the result of accidental, random chance.

In this documentary, Stein interviewed Richard Dawkins, who is one of the world's leading evolutionists. Dawkins, a British evolutionary biologist and author of the New York Times bestseller, ***The God Delusion***, is an atheist, well-known for his criticism of Creationism and Intelligent Design.

During the interview between Ben Stein and Richard Dawkins, viewers were thunderstruck to hear Dawkins admit that DNA evidence indicates that life on earth came from an intelligent mind—a Creator! He even went on to suggest, that we should look for the Creator's signature in the human DNA!

**Ben Stein:** “What do you think is the possibility that Intelligent Design might turn out to be the answer to some of the issues in genetics?”

**Richard Dawkins:** “I suppose its possible that you might find evidence for that if you look at the details of our chemistry—molecular biology (*DNA*). You might find a signature of some sort of Designer.”

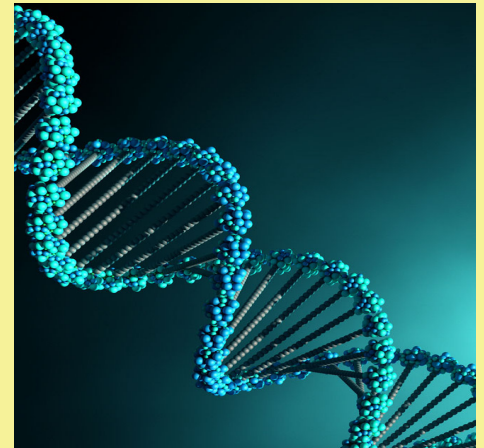

Notably, a team of scientists *have* found the Creator's Signature in DNA! But, before we can discern and fully appreciate this, we need to start with a basic understanding of what DNA is, and what its role is, within the body (*see panel on right*).

Deoxyribonucleic acid, more commonly known as DNA, is the “Creator's Code”—the blueprint of life. It is a complex molecule that contains all of the information necessary to build and maintain an organism. All living things have DNA within their cells. In fact, nearly every cell in a multicellular organism possesses the full set of DNA required for that organism.

We are all made of trillions of cells. There are around 2.5 billion cells in one of your hands, but they are tiny—so tiny that we cannot see them. In fact, if every cell in your hand was the size of a grain of sand, your hand would be the size of a school bus! (*continued...*)

### What does DNA Do?

We know that DNA is in every cell of the body. We know that DNA is the very blueprint of life—it is the Creator's Code. But what exactly does it DO?

**DNA has three distinct functions: genetics, immunological, and structural**

What does DNA have to do with genetics? A gene is a short section of DNA. Your genes contain instructions that tell your cells to make molecules called proteins. Proteins perform various functions in your body to keep you healthy. Each gene carries instructions that determine your features, such as eye color, hair color and height.. In other words, your DNA tells your cells how to make you—YOU.

DNA also affects the body's immune system and its structure, over all. **DNA contains the instructions needed for an organism to develop, survive and reproduce.** To carry out these functions, DNA sequences must be converted into messages that can be used to produce proteins, which are the complex molecules that do most of the work in our bodies.

In other words, DNA affects your body's structure, your immune system, your reproductive system, your genetics, and your overall health.

(continued from page 5)

Each cell has its own job, just like humans do. Some cells help us detect light and see, other cells help us touch, some cells help us hear, other cells carry oxygen around, other cells help us digest food by secreting enzymes. There are over 200 cell types in the body—that is over 200 different jobs!

The DNA molecule is the “boss” which gives instructions to the cells. In other words, DNA is a record of instructions telling the cell what its job is going to be. A good analogy for better understanding DNA, is comparing it to a set of blueprints for the cell, or to a computer code telling a PC what to do.

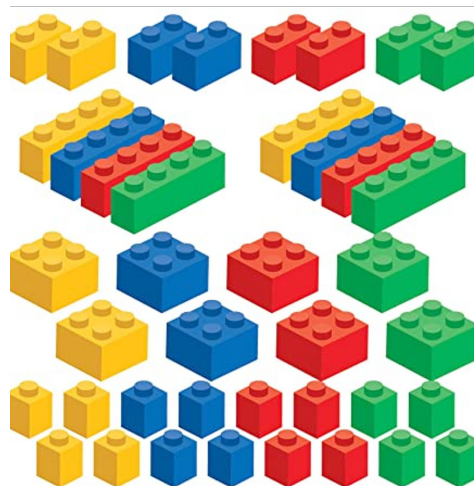

But while it is a set of blue-print-like instructions, unlike a book or computer screen, DNA isn't flat. It is a beautiful, curved ladder in the shape of a double helix. The letters of the DNA alphabet (*called bases*) make up the “rungs” of the “ladder”, special sugars and other atoms make up the “handrail”.

Science has discovered that DNA is a language. It is made up of just four letters: **ATGC** (*Adenine, Thymine, Cytosine, and Guanine*). By comparison, the English language has 26 letters in its alphabet. Words are formed by combining those letters in different ways. Depending on how we arrange the letters of the alphabet we can make new words. The same is true in the four-letter “alphabet” of DNA.

Today, the fact that DNA is a language is well-established. And now that both Creation scientists and Evolutionists all know that DNA is a language, there is no excuse for believing in evolution whatsoever. For language, as every-

one well knows, only comes from an intelligent Mind!

To demonstrate this, consider the illustration of the stone tablet pictured below. Suppose that someone had happened upon the tablet lying on the beach, having mysteriously washed ashore. Without knowing what the inscriptions mean, the finder would immediately conclude that the markings were writing—and that they had to have been made by a person or persons. No amount of tossing in sea or natural weathering can create a written language. Language is recognizable, even though one may not be able to read the language, we can always recognize writing, when we see it.

Similarly, when science began to study the DNA and the human genome, even before anyone could “read it”, DNA was clearly a language—in fact, whether the scientific community is willing to acknowledge it or not, it is the Creator's Code.

If you look at a length of DNA, you can read out the letters all in a row:

**ATGCGTGGTCAGTCGATATATGGCCCC**

But this isn't how the cells “read” the four letters of DNA—just seeing it as a mashed up, endless list of letters in a variable order. Cells see the letters of DNA forming meaningful units like words, which also form “sentences”. The letters of DNA make up words, called codons, that are always three letters long:

**ATG CGT GGT CAG TCG ATA TAT GGC CCC**

These codon “words” make up “sentences” that the cell understands, called genes:

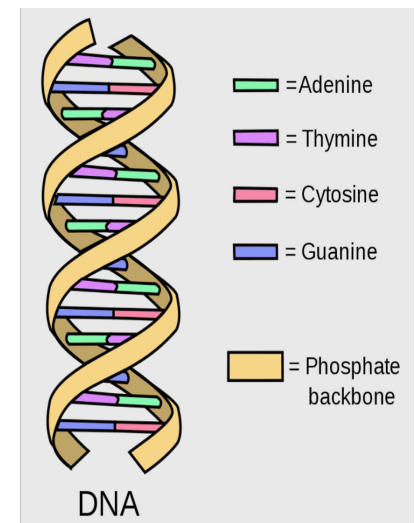

Gene sentence #1:

**[ATG CGT GGT CAG]**

Gene sentence #2:

**[TCG ATA TAT GGC CCC]**

Each sentence tells a cell to make a special molecule called a protein.

These proteins control everything in a cell. Notably also, each gene makes one protein, and only one protein.

How can four letters possibly contain the full blueprint to make something as complex as a human body? As an analogy—let’s compare the letters of DNA to **Lego** building blocks (*see the illustration at the bottom of the previous page*).

If you start with a box of Lego’s having 20 lots of 4 different colors and then you use those blocks to make a tower over and over again, the combination and order of colors will be different each time you build. How many combinations can you make? The possibilities are endless... Well not quite, but still quite large. This is how DNA can store so much information with just 4 “letters” in its “alphabet”.

Remember it is the sequence of letters (order of the colors in this analogy) that stores the information. Each set of 3 letters is a word. With four different letters, there are 64 possible three-letter-words. Imagine how many combinations of these words there are in a sentence just 100 letters long!

Now, with this refresher into the language of DNA and how it serves as the Creator’s blueprint for life, let’s return to the amazing admission by renowned evolutionist, Richard Dawkins, mentioned at the beginning of this article. Recognizing (as all good science must) that DNA is a language, and knowing that all language comes from an intelligent Mind, Dawkins conceded that we might find the Signature of our Creator, within DNA.

Actually, the Creation story in the

book of Genesis actually tells us that *Yahweh* **did** Sign His Creation! This statement is found in Genesis 1:27: “**So God created man in His Own Image**, in the image of God created He him; male and female created He them.”

Occasionally, in our English translations of the Bible, translators failed to interpret a word from the original Hebrew text. Apparently, not knowing what to do with the word, or how its meaning should be rendered in the English text, the translators simply left it out of our English Bibles!

This is what happened to a very important word in Genesis 1:27—a word which clearly means that *Yahweh* signed His Creation. To see this, let’s look at Genesis 1:27, with the **Strong’s Exhaustive Concordance** numbers showing after each English word, as it appears in **E-Sword**: “So God<sup>H430</sup> **created**<sup>H1254 (H853)</sup> man<sup>H120</sup> in His own Image,<sup>H6754</sup> in the image<sup>H6754</sup> of God<sup>H430</sup> created<sup>H1254</sup> He him; male<sup>H2145</sup> and female<sup>H5347</sup> created<sup>H1254</sup> He them.”

Genesis 1:27

Notice that the word “created”, in Genesis 1:27, is actually translated from *two* Hebrew words, indicated by two **Strong’s Concordance** numbers: H1254 and H853. But only one of these two words is translated (H1254):

**H1254 is the Hebrew word:**  
**בָּרָא (bāra), which means “to create”**

The second Hebrew word, which is present in the Hebrew text, is not translated in the English text. To indicate this, **E-Sword** shows the place where the Hebrew word appears in the original text as a **Strong’s Concordance** number in parenthesis.

Significantly, this missing Hebrew

word is the one which tells us that the Creator signed His Creation. To see this, let’s look at the meaning of H853:

**H853 is the Hebrew word:**  
**אָיִת (ayth), which means “sense of entity; properly self”**

In Hebrew, words also carry the message and meaning of their root words. And the root word for H853, *ayth*, is listed in **E-Sword** as H226:

**H226, the root of ayth is the Hebrew word:**

**אָיִן (oth), which means “a signal (literally or figuratively)... a mark, sign...”**

By restoring the meaning of the missing Hebrew word, Genesis 1:27 actually says: “**...God created and signed with a mark of His Own Self-Entity (Identity) man in His Own Image...**” As it says in Psalm 24:1, “**The earth is Yahweh’s, and the fulness thereof; the world, and they that dwell therein.**”

Almost 40 years ago, science found proof of what the Bible was telling us all along—that *Yahweh* did indeed sign His Name upon His creation. And, as Dawkins surmised, the Creator’s Signature is found in our DNA. In an astounding online video ([https://www.youtube.com/watch?v=ArR\\_UseV7Xk](https://www.youtube.com/watch?v=ArR_UseV7Xk)), a scientist from Waismann Institute of Science, Dr Isaiah Rubinstein explained that he and a team of Israeli scientists

**Dr. Isaiah Rubinstein**

had found *Yahweh’s* Name signed as a repeating pattern, in DNA.

*(continued)*

(continued from page 7) How does Yahweh's Name appear in human DNA? As Dr. Rubinstein pointed out, the helixes that make up our DNA are held together by a series of sulfur bonds BETWEEN the base pairs (GCAT) that constitute our genetic code. These bonds are not evenly, nor randomly placed. As the picture diagram shows on the right, there's a sulfur bond—represented as a yellow circle labeled "S"—then 10 base pairs, then another sulfur bond, then 5 base pairs, another bond, then 6 base pairs, another bond, then 5 base pairs before the pattern repeats itself. In other words, the base pairs of DNA are grouped in a repeating pattern of 10-5-6-5; 10-5-6-5; 10-5-6-5...

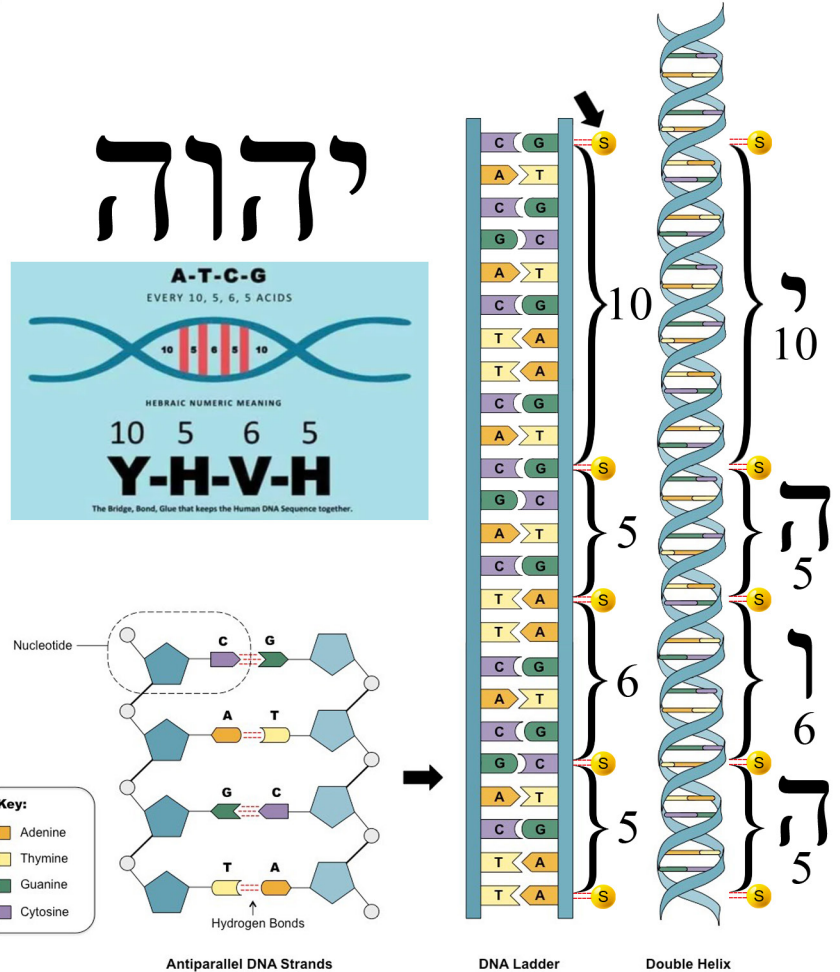

At first, this means nothing to native English speakers, because we use Latin letters and Arabic numerals. In English, there is no connection between our letters and numerals. *But Hebrew uses as their numbers. So, all Hebrew numbers are also letters.* As the chart on the upper right shows, the Hebrew letter **Aleph** is both the first letter of the alphabet, and the first number. With this understanding, we may quickly understand that the number sequence 10-5-6-5 is also a letter sequence, in Hebrew. So, what is it?

The number 10 is the Hebrew letter **yod**. 5 is the Hebrew letter **he** (pronounced Hay). 6 is a **vav** (or **waw**). 5 again is a **he**. Significantly, this is exactly how *Yahweh's* Name is spelled, in Hebrew (*which reads from right to left*):

ה    ו    ה    י  
*he*    *vav*    *he*    *yod*  
 5       6       5       10

*Yod-he-vav-he* is 10-5-6-5, which means that your DNA is literally held together with the Creator's Signature **יהוה** (*Yahweh*) repeated over and over!

In this article, we have addressed the physical significance of DNA, being critical for structural soundness, genetics, cell health, reproduction, and even the immune system. We have also seen the astounding

Signature of our Creator, found upon the DNA, marking us with His most holy, Covenant-keeping Name! With this in mind, we may see that the significance of our DNA goes far beyond health alone!

Thus, it is deeply concerning to discover that the scientific community has been studying, learning to read, and now even hacking into, manipulating and altering human DNA.

Genomics became a household word, after October 1990 with the worldwide launch of the Human Genome Project. In this project, scientists deciphered the first sequence of the 3 billion DNA letters making up the human genetic blueprint—also known as the human genome.

The project showed that humans have 99.9% identical genomes, and it set the stage for developing a catalog of human genes and beginning to understand the complex choreography involved in gene expression.

The mapping of the genetic code, known as DNA, is probably the most important and dangerous scientific breakthrough of the new millennium. On June 26, 2000, President Clinton and a group of world-renowned scientists presented the first genetic map of the human DNA molecule. Clinton called the discovery the ability to read the “language in which God created life.”

The Whitehouse press release for Clinton’s announcement states:

**“Today, at a historic White House event with British Prime Minister Tony Blair, President Clinton announced that the international Human Genome Project and Celera Genomics Corporation have both completed an initial sequencing of the human genome — the genetic blueprint for human beings... **DECODING THE HUMAN GENOME WILL LEAD TO NEW WAYS TO PREVENT, DIAGNOSE, TREAT, AND CURE DISEASE.”****

What the President and the team of scientists *didn’t* say was that hacking the human DNA would also give science the power to do the opposite! In other words:

**DECODING THE HUMAN GENOME HAS ALSO LEAD TO NEW WAYS TO DESIGN AND UNLEASH DNA-TARGETING BIOWEAPONS**

As we documented in our July-September, 2020 magazine feature article, titled: “The Virus, the Vaccine, and the Hidden Agenda”, the COVID-19 virus was actually a bioweapon. It was created by the Chinese Communist Party (CCP) in a bioweapons lab in Wuhan, China. Notably also, the National Institute of Health (NIH) (which is a US Government agency, headed by the infamous Anthony Fauci) funded the gain of function bioweapons research at this lab.

U.S. Senator Rand Paul (*a physician, politician and the son of former presidential candidate, Ron Paul*) has lead the way in bringing this fact out of the dark, even presenting it clearly before Congress and calling Fauci to task for NIH’s use of U.S. taxpayer funds for gain-of-function, bioweapons research. (*Note: gain-of-function research involves scientists intentionally working with a virus—or combining viruses—to weaponize it, making it into a more harmful and contagious virus, which may be unleashed upon a population with intentionally deadly results.*)

When we, at Lighted Way Ministries, put out the magazine exposing COVID-19 as a bioweapon (July-September 2020 quarterly magazine), this idea was considered a discredited conspiracy theory. It was

“against science” and “foolish”, according to main-stream media and the majority of the scientific community, to even suggest that COVID-19 was a man-made virus, purposely created for a sinister purpose. But now, thanks to high-profile people like Senator Rand Paul, who presented the bioweapon facts to Congress and made it impossible to deny, it is now well-known that COVID-19 was created as a bioweapon and was intentionally released upon the world.

However, what isn’t well known today is that the COVID-19 virus—created by the CCP with NIH funding—was actually not the ultimate goal of the Globalists’ dark agenda. The real goal behind the virus, was the vaccine!

COVID-19 vaccines were created to be DNA-altering, hacking into the Creator’s Code and weakening society by ever-increasing degrees. The new mRNA “vaccines” were intended to untraceably weaken and even kill—deaths which are largely attributed to heart-attack (*the “vaccines” are known to cause blood-clots*), stroke (*also caused by blood clots*), cancer (*modified RNA causes prions or toxic proteins to be produced*). The vaccines are also traced to a new A.I.D.S.-like auto-immune disorder (*continued*)...

(continued from page 9) This new A.I.D.S.-like disorder is called V.A.I.D.S. (for *Vaccine Acquired Immuno-deficiency Syndrome*). It is one of the many ways in which the COVID-19 mRNA “vaccines” weaken and even devastate the immune systems of the recipients.

The idea that intentionally harmful “vaccines” could be created and administered to the global population seems like the plot of a bad movie or the ultimate tinfoil hat conspiracy theory. Certainly, there is no credible evidence for vaccines to be designed and released as part of a bioweapon, depopulation agenda! That’s just nuts! Vaccines are intended to promote health! But is this true of the all-new, mRNA “vaccines”? Consider the evidence carefully, sobering though it may be...

Firstly, one must consider the “big picture”. Notably, the plan to require mass-vaccinations of the human population is listed in the original **Earth Summit Agenda 21** document. Agenda 21 also states that the year 2021 is when this goal was set to be accomplished. But what does mass vaccination have to do with Agenda 21? Why is it listed as an important part of the Globalists’ Agenda?

The message of the Georgia Guidestones proclaims the plan of the New World Order. There are ten simple proclamations etched in many languages on this monument, located in Elberton, Georgia. The very first proclamation makes it clear that the laws of the New World Order are a serious threat to the world. It reads:

**“Maintain humanity under  
500,000,000 in perpetual balance  
with nature.”**

What at first glance sounds lovely, upon closer inspection seems more like a sinister threat, considering that our current world population is about **7.8 billion**. If the human population is to be reduced down from 7.8 billion people to only 500 million, it can only be accomplished through a very serious loss in human life. Indeed only 6% of humanity would survive such a dramatic reduction!

So, when the Globalists refer to reaching a “sustainable” global population, The goal is to reduce the population through overt (wars) and covert (“natural disasters” and “healthcare”) ways. One of the greatest supporters of the Globalists’ population agenda (which is actually a depopulation agenda) is Bill Gates. The Gates Foundation donated \$2.2 billion to help reduce earth’s population down to a “sustainable” number.

Funded by Globalists like Gates, even “healthcare” is now serving a **depopulation** agenda. And this is being accomplished through dark and sinister means—like vaccine technology—in addition to bringing family planning and birth-control to third-world countries and economically backwards regions of the world.

The fact that the Globalists’ plan to use vaccine technology for depopulation (death) is something that Bill Gates plainly revealed, in a 2010 **Ted Talk**. Gates topic was on the necessity of reducing CO<sub>2</sub> emissions to save the environment. In this presentation, Gates actually said that the “healthcare” sector would play a part in decreasing carbon emissions, by reducing the global population. Gates put up an algebraic formula to show a direct relationship between the number of humans populating the

earth and the level of CO<sub>2</sub> emissions. His formula looked like this:

$$CO_2 = P^{(\text{people})} \times S^{(\text{services})} \times E^{(\text{energy})} \times C^{(\text{carbon emissions per unit of energy})}$$

While explaining the above formula, Gates said that the **P** figure represented the number of people populating the globe. The **S** represented the services required to sustain the lifestyles and needs of this number of people. The **E** was the amount of energy expended to generate these services. And the **C** was the carbon emissions produced per unit of energy expended.

After explaining the formula, Gates went on to say, **“Let’s look at each one of these (the P, S, E, and C factors in his equation) and see how we can get this (CO<sub>2</sub> amount) down to zero. Probably one of these numbers is going to have to get to near zero (by which he strongly implied the population).**

How did Gates propose to accomplish this population reduction? He continued, **“If we do a really good job on new VACCINES, healthcare, reproductive services, we can lower that (the planet’s population) by 10-15%.”**

Just to be clear, using vaccines to help bring down the population means that the new mRNA vaccines are intentionally being manufactured to cause death! And a 10-15% reduction of 7.8 billion people is a vaccine/healthcare induced death-toll of astounding proportions!

And the new COVID-19 vaccines are indeed health-threatening, as there is now plenty of data to show. As the CDC’s (Center for Disease Control) vaccine injury tables show the vaccine-induced deaths from COVID-19 “innoculations” was 5000 people, for the year 2021. This far surpasses the 3,000

who died on 9/11 at the hands of terrorists. is this bio-terrorism by vaccination?

While the CDC reports 5000 deaths caused by the new mRNA vaccines (*of which the COVID-19 vaccine was only the first*), in actuality, there are many more deaths. The “vaccines” also cause blood clots, which cause heart attacks and strokes. As a result, many vaccinated people have died from heart attacks and strokes—which were brought on by the jab, even though the connection with the vaccine has not been officially admitted.

The fact that the new DNA-hacking vaccines weaken the immune system and may cause death is now being admitted, even by one of the vaccine manufacturers. Pfizer recently was forced to release data confirming that its mRNA vaccine had caused a 3% mortality rate in those who received its COVID-19 vaccine. Considering that the COVID-19 virus itself is well documented to only have a 1% mortality rate (*comparable to the common flu*)—the vaccine is obviously more dangerous than the virus.

But, far worse than its role in the Globalists’ depopulation agenda is that this new mRNA technology vaccine was also created for a transhuman agenda. In other words, those who receive the mRNA vaccines are being irrevocably changed, on a DNA level.

Some have argued that RNA (in the mRNA vaccines) doesn’t change DNA. But that is now proven to be a false claim. Not only does the RNA get its instructions from the DNA, but the RNA helps write or re-write the DNA. As was reported by Drug Target Review news, in their online article titled, “Human Cells can write RNA Sequences into DNA”:

**“...Scientists have found evidence that polymerase theta can write RNA segments back into DNA. Scientists at Thomas Jefferson University, US, have provided the first evidence that RNA segments can be**

**written back into DNA.”**

What is the spiritual significance of a vaccine technology which modifies the human RNA—ultimately changing the DNA? As we have already mentioned, according to Genesis 1:26-27, mankind was created “in the Image” of God. The text of the genome was written by God, in His language, after His Image, and signed with His holy Name. If man re-writes the human genome, he is tampering with who *Yahweh* created us to be—at the most basic level.

Some conservative members of the scientific community are now expressing concern that the mRNA vaccines are adding, modifying, and even deleting gene sentences in the DNA. This process certainly effects the gapping sequence in the DNA—which, as we have already seen, is a sequence spells that out the Name of the Creator in our DNA. Thus, changing the DNA is also effectively erasing the Creator’s signature from our DNA. Could erasing the Creator’s coding and Signature from the human genome play a part in receiving the Mark of the Beast?

Shockingly, at least one of the scientists manipulating DNA have actually plainly stated that one of The Human Genome Project’s primary goals was to isolate and ultimately edit out or deactivate the gene responsible for religious fundamentalism. Notably, a fundamentalist by definition is someone who believes in one God and one Book of Truth. Yes, Muslims are fundamentalists, by this definition. But so are conservative Christians.

In an eye-opening video clip (shown in Mark’s online presentation titled: **Hacking the Creator’s Code**, viewable in our Vimeo Channel at [www.lightedway.org](http://www.lightedway.org)) a scientist from the Human Genome project told a live audience that their studies had allowed them to identify the part of the human DNA which is tied to fundamentalism. This gene has been labeled as the VMAT-2 gene a.k.a.

the “God Gene”. The scientist explained that if this gene in the DNA is active—or is presenting, as they say in science—the person will be a strong believer in God. But, if the gene were deactivated, the scientist claimed that the person would quickly lose the ability to be a fundamentalist. Clearly, such changes to the human DNA are designed to directly impact a person’s beliefs and relationship with God!

Notably also, in the video clip, someone in the audience (*who appears to be a ranking member of the US military*) asked the presenting scientist how one would mass-administer a substance that would alter the DNA, effectively deactivating the VMAT-2, “fundamentalist” gene for a large population. The scientist answered by saying that it could be given to a population through **vaccines!** Obviously that would mean that the vaccines would have to be DNA-altering vaccines—which are the kind we have with the new mRNA vaccines like the ones for COVID-19.

Clearly, the new mRNA vaccines are altering the DNA-gapping sequence, effectively removing *Yahweh’s* Signature from the DNA, while also targeting (*potentially deactivating*) the VMAT-2 gene. Considering this, there is a very real possibility that this new vaccine technology is at least a part of the Mark of the Beast, which we are warned against in Revelation 14:9-10.

Who would have thought that the Mark of the Beast could be put upon mankind in so unexpected a manner? The very idea is shocking! And yet deception is the one key part of the Last Day events that we are warned about most. Notably also, Revelation 19:20 plainly states that many will receive the Mark of the Beast **through deception!** It is our prayer that you and your family will not be among the deceived! Be sober and vigilant!

# Preparing for Passover:

## Unleavening Our Hearts and Homes

*"...Know ye not that a little leaven leaveneth the whole lump? Purge out therefore the old leaven, that ye may be a new lump, as ye are unleavened. For even Christ our Passover is sacrificed for us. **Therefore let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth.**" 1 Corinthians 5:6-8*

Yahweh lovingly instructs His people to gather together to observe the annual holy Festivals. But keeping the Spring Feasts doesn't just involve showing up at the Appointed Time. It also involves at-home preparation for Passover and Unleavened Bread—a process which ideally begins when the time for the Feast is still a month or two away.

### 1 Month Before the Feast:

Begin unleavening your home. The process of unleavening a home involves deep cleaning. It was because the preparations for Unleavened Bread involved a deep cleaning this process came to be called "spring cleaning."

Go through your cupboards and pantry. Clean everything out as you take note of each food item's ingredients. Your purpose is to identify all items containing leaven. As you go through your pantry and cupboard. Pull out the foods containing leavening. At this stage, leaven doesn't have to be removed, or destroyed. But leavening agents should be noted and put in a separate area (this is a good stewardship practice) which helps you to plan for and incorporate leavened items into recipes in order to mostly use them up before Passover, which is April 16, this year.

According to Torah, leavened items must be completely removed from the

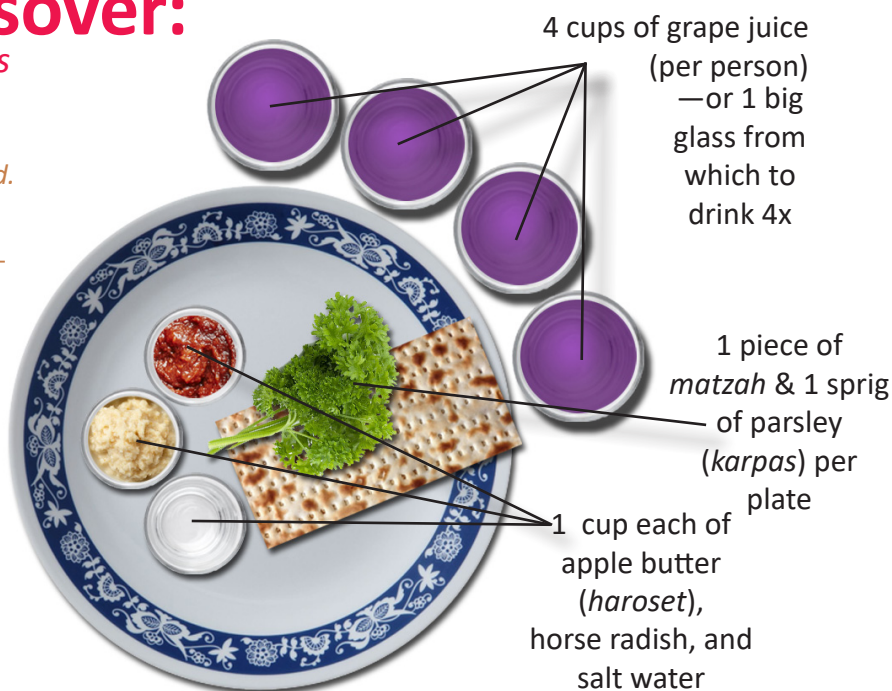

home and destroyed on or by Passover:

**"Unleavened bread shall be eaten seven days; and there shall no leavened bread be seen with thee, neither shall there be leaven seen with thee in all thy quarters."**

*Exodus 13:7*

In preparing for Passover by noting and planning to use up the leavened foods prior to Passover, you will have minimal food waste. Certainly, it is also a much more thorough way to unleaven your home, according to the biblical instruction.

What should you look for when taking a leavening inventory of your cupboards and pantry? Leavened foods include breads, pancake mixes, baking mixes of all kinds, crackers, cereal, and many more foods. Check the ingredient labels for raising agents such as raising yeast, baking soda, sodium bicarbonate, and baking powder. Items like Brewer's yeast (even though it uses the name "yeast") are not leaven because they are not raising agents.

The unleavening process doesn't stop with the household pantry. Leaven is also spiritual. Spiritual leaven is sin. As you go through your home, cleansing it from physical leaven, prayerfully also remove any spiritual leaven which you may find. In this search, it is a blessing to claim Psalm 139:23-24. Spiritual leaven includes items like: ungodly books, movies, or games and images or idolatrous souvenirs (*Note: often "cultural" items are connected with demonic practices*).

**"The graven images of their gods shall ye burn with fire. Thou shalt not desire the silver or gold that is on them, nor take it unto thee, lest thou be snared therein: for it is an abomination to Yahweh thy God. **Neither shalt thou bring an abomination into thine house,** lest thou be a cursed thing like it: but thou shalt utterly detest it, and thou shalt utterly abhor it; for it is a cursed thing."** Deuteronomy 7:25-26

During the unleavening process involving foods, you plan to do your best to

## How to Set up Your Table for Passover at Home:

The Passover Seder table should have the items shown in the picture above. If you are keeping Passover at home, we are not broadcasting Passover online this year. But you can get our past Passover DVD to watch during your home-Seder. Set your table and watch and participate as we take you through the Seder experience and tell you when to use each item.

eat up the food quickly prior to Passover, to avoid waste. But while this is good stewardship for the pantry, it is not how one should handle spiritual leaven. Spiritual leaven, once identified, should be immediately destroyed. The loss of money is not a consideration. In the Scriptures, we have a powerful example of this in the story of how the believers in Ephesus came together to burn their mystical, occult books. Scripture tells us that the monetary value of the magical books they burned came out to 50,000 pieces of silver! One might wonder why they didn't sell their books and keep the money?

As we saw in Deuteronomy 7:25-26, items which are classified as a spiritual abomination are to be burned with fire. We are not to sell them for money. This process of burning the items brings the devil's rights and ground gained in using these objects to a complete end. If we were to pass the item on to someone else, we would be passing on the curse. That is not something Yahweh's people are ever to do.

### 1 Week Before the Feast:

Unleaven your freezer(s) and refrigerator(s) in the same way you

unleavened your cupboards and pantry. Collect all your remaining leavened items in one area for easy removal just before Passover.

### 1-2 Days Before the Feast:

If you are not physically joining us at Lighted Way Ministries for Passover (in which case, we'll be providing the Seder foods), you will need to purchase the Seder food items. See the list of needed foods in the yellow panel at the right. When the day of Passover arrives, set up for the Passover Meal as shown in the diagram above and on the prior page.

If you will be keeping Passover at your home this year, we invite you to "join us" via DVD. We will not be broadcasting this year's Passover Seder, but you can still join us by simply requesting a copy of last year's Passover DVD. Then, set your Seder table as shown and play the DVD so that everyone at the table can see it. On the DVD, we'll take you through the Seder, showing you what to do, step-by-step, and explaining the spiritual meaning of each Passover symbol. We pray you and yours will have a blessed Passover/U.B.!

## What you Need for Passover/Unleavened Bread...

### Get Enough Unleavened Bread for the Whole Week of Unleavened Bread:

Since the *Torah* commands (Exodus 12:15; Exodus 13:6) each family member to eat at least a small piece of unleavened bread at every meal throughout the whole week of Unleavened Bread (all 7 days), you will need to make sure you have enough unleavened bread for Passover and the week of Unleavened Bread.

If you are buying the *matzah*, we typically get 1-2 boxes of *matzah* per family member (depending on how big a piece they will eat each meal) to last through all seven days of the Feast. Check with your local grocery store. Some stores will order *matzah* upon request. If you cannot get *matzah* from your local grocery store, you may order it online or you can get a recipe for it and make your own homemade *matzah* (this is why you need to plan ahead).

### What you need for the Passover Seder Meal (See the Place Setting picture at the top of the page):

- *Matzah* (1 sheet per person)
- Horseradish (1 small cup size per person—we use plastic candy cups made for weddings)
- *Haroset* (apple butter) (1 small cup size per person)
- Salt water (1 small cup size per person) — mix water with salt, enough to taste salty
- Parsley (1 small bunch of parsley per person)
- Grape juice (4 small cups per person)

# Passover/Unleavened Bread Retreat

## Retreat Dates: April 15-23, 2022

*"These are the Feasts of Yahweh, even holy convocations, which ye shall proclaim in their seasons. In the fourteenth day of the first month at even is Yahweh's Passover. And on the fifteenth day of the same month is the Feast of Unleavened Bread unto Yahweh: seven days ye must eat unleavened bread. In the first day ye shall have an holy convocation: ye shall do no servile work therein... In the seventh day is an holy convocation: ye shall do no servile work therein." Leviticus 23:4-8*

Save the dates and we hope you can plan to join us for the Lighted Way Ministries Spring Retreat. As the schedule shows on the following page, Passover is Sabbath, April 16 this year. Because Passover is on Sabbath, we will be holding meetings throughout the day. Additionally, we will start this Spring Retreat on Friday evening, April 15.

All meetings shown on the schedule—except the Passover Seder—will be broadcast on our Vimeo channel. To join us online, go to [www.lightedway.org](http://www.lightedway.org). During the retreat, the video links for that day will be put up on our website homepage for your convenience. Here's what you can expect at this year's Spring Retreat:

### Experiencing God: Knowing and Doing the Will of God (13-part Series)

—by Henry and Richard Blackaby

We are excited to announce that we have received permission to broadcast the 13 videos for this inspiring series. As a result, Richard and Henry Blackaby will be our virtual guest speakers (via video) at this retreat.

The content of this series helps awaken believers to live a fully surrendered, God-centered life. In this series, participants will come

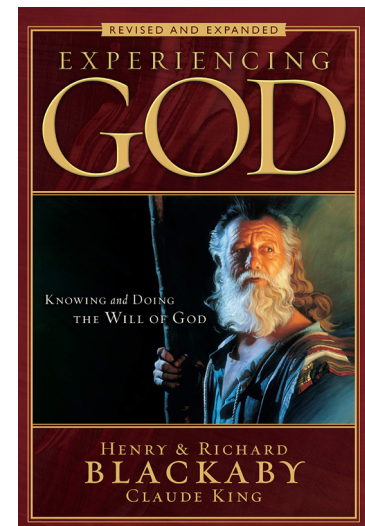

to know God intimately, to recognize His Voice, and to understand His Will for their lives.

The Blackaby's—a father and son duo—are from the Baptist faith. As such, they use "Jesus" instead of "Yahshua" in this series. However, we feel that these things are not stumbling points, for the overall good of this series, which is not about doctrine, but rather it is about how to have a deeper, real, personal walk with *Yahweh*. With this focus, never was this series more timely, than it is now, at this stage of Earth history. There is truly no way through the future, except we are each walking with *Yahweh* in a relationship with Him that is real and person. There can be no substitute.

For maximum personal blessing and benefit from this series, we recommend that each participant (age 12+) purchase their own Experiencing God workbook to complete both during the Spring Retreat and continuing 12 weeks beyond the retreat (the workbook has 13 weeks' worth of 5-Days/Week Bible studies to complete.

We will be seeing all 13 videos during the Spring Retreat. And we will complete the first week's worth of sessions in the workbook. But after the retreat, we encourage all to join us in continuing to

complete the remaining 12 weeks of inspiring study on your own, or with your family, post-retreat.

The *Experiencing God* workbook (ISBN# 978-1-4158-5838-7) is available for purchase online on [Amazon.com](http://Amazon.com), or directly from the Blackaby's ministry at [www.lifeway.com](http://www.lifeway.com). If you will be joining us for the Spring Retreat online, you will need to order your workbook(s) in advance. However, **if you will be joining us in person, we will get the workbook(s) for you and will have them here for you at the retreat. Please complete the Retreat Sign up portion of the included Order Form.**

There is no charge for attending this retreat. Meals shown in black on the schedule are provided. Please contact us to RSVP. We hope you can join us!
