

The Prophecy Club

Session 33: "Four Phases of the Beast" – Part 2:

Start Date: February 2, 2021 @ 10 AM (PDT)

Beast Phase 1: Four separate political powers, which are represented as the 4 Beasts of Daniel 7

Characteristics of the Beast Power in Phase 1: Four political powers which work to create one-world government

In Daniel chapter 7, four beasts are shown arising out the seas, which are churned up by great winds. What do these symbols represent?

- A beast represents (Daniel 7:17, 23) kings and kingdoms-which is a political power (nation)... beasts are usually a joining of more than one power together
 - Winds represent (Jeremiah 49:36-37) wars, the sword, times of strife and trouble
 - Waters/Seas represent (Revelation 17:15) groups of people, and nations
 - Beast heads represent (Daniel 8:22) The heads are a part of the "nation"/group but are leaders/sub-divisions
 - Horns represent (Daniel 8:21) Are kings - which are political leaders
 - Wings represent (Proverbs 23:5, Isaiah 40:31) strength, swiftness, blessing
 - Mountains represent (Daniel 9:16; Revelation 17:9) "cities" / "heads" (leaders)
-
- Jerusalem represents (Isaiah 51:16; Zechariah 2:1-2; Proverbs 25:28) Yahweh's people (the saved) Cities represent people - but Jerusalem/Zion is God's people
 - Put the meaning of Mountain with Jerusalem to get the deeper meaning of Mountain: A mountain is a group - the Body - of people - Mt. Zion is Yahweh's people from all ages.

In the Last-Days, Scripture warns that the final Antichrist will emerge as a man who will lead a very powerful world empire the likes of which history has yet to produce. This powerful leadership role of the Antichrist is described clearly in the Bible by the prophets. But of all the prophecies foretelling the rise of the final Beast, one detail has long been overlooked.

Most people—even those who haven't read the Bible—have heard of "The Antichrist." According to the Bible, the Antichrist will be Satan's primary agent on the earth in the Last-Days. The title "Antichrist" is given in Bible prophecy.

2) When will the Antichrist appear (1 John 2:18)? In the "Last Time" (the Last Days)

3) The Antichrist power is also called:

- the Beast (one-world) (Revelation 13:4)
- the desolate (Daniel 9:27)
- "the man of sin" "the son of perdition" (2 Thess. 2:3)
- "the king of Babylon" (Isaiah 14:4)
- "the oppressor" (Isaiah 14:4)
- "the Assyrian" (Micah 5:5, Isaiah 10:5, Isaiah 14:25)

Prince of Tyre in Ezekiel (king of Tyre is the Devil) King of the North - in Daniel

Yes, he has many titles. But who will he be? Where does he come from? As we have been seeing in our study of the Beast, this power actually exists in four, successive stages, which are:

Stage 1) The four separate political powers - which work to create a one-world order Daniel 7:3-7

Stage 2) A one-world political power with "great authority" being global control Revelation 13:2

Stage 3) one evil human rules the world Daniel 8:23-25; Revelation 13:18

Stage 4) one demonic entity (in human form) rules the world Revelation 11:7; Revelation 17:8

Continuing on the Bear – Beast 2 of Daniel

7...

How Can the Bear Power—Identified as Medo-Persia (anciently)—be Russia in the Last Days?

Beyond the obvious connection of Russia actually having chosen the bear as their national symbol, there is quite a bit of evidence connecting the ancient power identified as Medo-Persia with modern-day

Russia. The evidence, also fits the Biblical Prophetic picture, portrayed both by Daniel and Ezekiel.

In Ezekiel chapter 38, we read of a great, End-time Battle. Evil forces will come against (Ezekiel 38:8) the mountains of Israel.

From our list of prophetic symbols on page 1, who is the target in this attack? _____
which is the people of Yahweh, especially leaders _____

Who is the leader of the attack? (Ezekiel 38:2) Gog

What land is this leader from? (Ezekiel 38:2) the land of Magog

This evil leader is also identified as the chief over Meshech and Tubal (Ezekiel 38:2).

This evil leader is also known as “the prince of Meshech” (great empire of the north).

Meshech - like the rest of Ezekiel’s Gog invasion alliance members were descendants of Japheth. The name is sometimes also written as *Moschi* or *Moschoi*, which translates as Moscow.

The term Tubal is also handed down from the table of nations in Genesis chapter 10, and refers to a northern city-state that traded in goods and developed military alliances with the ancient cities of Tyre and Tarshish. Although many of the names from Genesis ten have become lost in the shadows of history, Tubal is probably representative of the peoples that lived in the Cappadocian region north and east of the modern state of Turkey.

Magog is referred to by the Jewish historian Josephus who identified them as the “Scythians”, or the people north of the Caucasus Mountains. Josephus records that the Magogians were called “Scythians” by the Greeks. The Scythians are the ancestors of modern Russia. Philo, is another in the 1st century who identifies Magog with southern Russia. The Scythians were well known for barbaric destructiveness in warfare. The term Magog is also a comprehensive term which means “the northern barbarians.” The people of Magog were infamous for their technical skills in the art of warfare.

The third beast: The Leopard with 4 Heads and 4 Fowl’s Wings:

After the bear’s brief period of dominance, the next will be the leopard power with four heads and four wings of a fowl (Daniel 7:6).

Unlike the other three beasts of Daniel 7, at this time, there is no single, globally-dominating nation which is plainly represented by the leopard symbol. This likely means that the leopard power is still developing. In fact, it may well be a power which unifies all of the countries which claim the leopard as their national symbol (we'll examine that possibility in the next page). At this point, we cannot yet be 100% certain of its identity. For this reason, we will examine the two most likely possible identities, for the Leopard Power.

Option 1:

| | | |
|--|---|--|
| 3rd Beast of Daniel 7 | | Leopard with 4 heads and 4 fowl's wings |
| Symbol #1: Leopard Body | Symbol #2 four heads | Symbol #3 fowl's wings |
| Political Power #1: Germany | Meaning: Four Reichs | Political Power #2: France |
|  |  |  |

Option 2:

| | | |
|---|--|---|
| 3rd Beast of Daniel 7 | | Leopard with 4 heads and 4 fowl's wings |
| Symbol #1: Leopard Body | Symbol #2 four heads | Symbol #3 fowl's wings |
| Political Power #1: Islamic Republic Nations | Meaning: Leading 4 nations of the Islamic Republic | Political Power #2: France |
|  |  |  |

Of these two options, the identity of the leopard as the Islamic Republic is the most likely, for reasons which will soon be explained. For this reason, we will consider this possible identity most carefully.

The leopard represents several Middle Eastern, Muslim countries. The predominant countries of the Islamic Republic, symbolized by the leopard, are: Pakistan, Iran and Afghanistan:

“The Islamic Republic of HAJ Afghanistan's... national animal is the Snow Leopard, which frolics freely in the nation's many lush forests.”

https://www.nationstates.net/nation=haj_afghanistan

Pakistan also claims the snow leopard as their national symbol, according to Wikipedia

https://en.wikipedia.org/wiki/National_symbols_of_Pakistan

Iran has a couple of animals as its national symbols, among them is the leopard

https://en.wikipedia.org/wiki/List_of_national_symbols_of_Iran

It is interesting to note that the leopard is also the symbol of the Islamic Republic, which is a rising power and which an increasing number of Middle Eastern, Muslim nations are joining/becoming.

Currently, four Middle Eastern nations are Islamic Republic, which are: Afghanistan, Iran, Mauritania, and Pakistan

Islamic republic

From Wikipedia, the free encyclopedia

For other uses, see [Islamic republic \(disambiguation\)](#).

 This article includes a list of general references, but it remains largely unverified because it lacks sufficient corresponding inline to improve this article by introducing more precise citations. (September 2014) [\(Learn how and when to remove this template message\)](#)

An Islamic republic is a sovereign state that is officially ruled by Islamic laws and is contrasted to Islamic monarchy. As a name or title, four states are Islamic republics: Afghanistan, Iran, Mauritania and Pakistan. Pakistan first adopted the title under the constitution of 1956; Mauritania adopted it on 28 November 1958;

How can the leopard beast of Daniel 7, whom Scripturally is identified as Greece, be an “Assyrian” power (modern Pakistan, Iran and Afghanistan are descended from ancient Assyria)?

The ancient realm of Greece included the Selucid area of the Greek sphere. A part of Greece in the time of Alexander the Great, the Selucid Empire included the modern-day regions known as Iraq and Syria.

In other words, there is a direct connection to ancient Greece and Assyria. This supports the idea that the Greek leopard of the past might manifest as the Assyrian leopard in the future. But there is not only prophetic connection with Assyria in the political beast, there is also a prophetic connection with Assyria in the personal Beast—who will reign as the ultimate Antichrist.

Another evidence that the leopard beast of Daniel 7 could be a Middle Eastern power is that the leopard of Daniel 7 is the body (main area of) of the Revelation 13 beast. And there is evidence to connect the final beast with Assyria

Evidences that the Final Beast could be a Muslim—Assyrian:

- Revelation 13 demonstrates an body (leopard) connection with the final Antichrist.
 - The dominate feature of the Antichrist Beast in Revelation 13:2 is his leopard body.
 - Since the leopard represented Greece in the past, this is an indication that the Antichrist will rise out of the area of the Greek (not that name today) Empire that was known as the Seleucid region—in other words: Middle East.
- Antiochus Epiphanes is a prophetic shadow-picture of the End-time Antichrist (Beast). Antiochus Epiphanes, a tyrant who was an early manifestation of the Antichrist, who set up the Abomination of Desolation (<https://www.gotquestions.org/abomination-desolation.html>). What is the leopard connection here? Antiochus arose out of Alexander's Empire (Greece).
- Antiochus was a type of the final Antichrist. He claimed to be God and set up the Abomination of Desolation, in its ancient manifestation. So, if the type of the Antichrist—Antiochus Epiphanes—was from Seleucia, we see yet another indication that the ultimate Antichrist could also come from that same area and will thus be an Selucian (or from the Middle East).
- The 12th Imam ("prince"). In Genesis 17:20, we find an amazing prophecy of Ishmael.
 - Genesis 17:20 says Ishmael would beget 12 princes.
 - These princes, according to the Koran, are Imams.
 - The 12th Imam, is yet to come.
 - The Koran foretells that this 12th Imam will be the Mahdi—which means "Messiah". It is interesting to note, that the characteristics of the 12th Imam—the Muslim Mahdi—closely resemble the Bible's depiction of the final Antichrist.

- Since Scripture states that “all the world” will “wonder (worship)” after the Beast (Revelation 17:8), one might question who everyone would follow. Christians can be duped to accept Allah (“Chrislam”), but Muslims will not follow a non-Muslim.
- Micah foretold that the Antichrist would be an Assyrian - Micah 5:5

Could the final Antichrist actually be a Muslim? Will this be the fulfillment of Micah’s depiction of the “Assyrian” and Daniel’s Selucid leopard beast? One thing is certain, we haven’t rightly identified the soon-coming, final Beast power until every Bible prophecy on the subject is considered. Every applicable prophecy must be rightly incorporated into the interpretation, like the pieces of a puzzle fitting together—including Micah’s overlooked Assyrian prophecy.

What part does France play in this beast’s role bringing in global (all the world wondered after) government? According to France Diplomacy, within the United Nations, France is working to accomplish the following:

- “France is a spearhead in the fight for the environment and against climate change”
- “France plays a key role in disarmament and maintaining peace and security.”

(<https://www.diplomatie.gouv.fr/en/french-foreign-policy/united-nations/france-and-the-united-nations/>)

What role does “climate change” and “environmentalism” play in the UN establishment of Global Governance and the loss of national sovereignty?

Malcolm Roberts’ belief that sustainable development is a disguised attempt to impose global communism has entered US mainstream politics... Malcom Roberts (senator for Queensland, Australia) promised, and Malcolm Roberts delivered. After announcing on Facebook that he would address the threat to Australian sovereignty from “Agenda 21”, he raised it in his first speech as an Australian senator... Roberts said that:

“People are waking to the UN destroying our national sovereignty through implementation of the UN’s... declaration for 21st century global governance, often known as Agenda 21 – more recently as Agenda 2030.”

Roberts said that... it has been “sneakily implemented by ministers of every government since, under the guise of biodiversity, to steal property rights, sustainability to pass regulations controlling people and climate change to push foreign control using unlawful agreements like the Paris sham”... Roberts wants Australia to leave the UN.

Mainstream political figures in the US – among them former presidential candidates Ted Cruz (US senator for Texas) and Newt Gingrich (US politician and former Speaker of the US House of Representatives) – have warned in dark terms about the danger posed by Agenda 21.” (<https://www.theguardian.com/>)

In addition to “spearheading” the Agenda 21 climate change plans, France is also at the forefront of the movement seeking for gun control (removal) and “peace” and “security”. What is the role of “peace” and “security” in bringing about a one-world government and the rise of the final beast power?

Daniel 8:23-25 - In the latter time of their (the political beasts) kingdom, a king of fierce countenance (merciless, strong, dictator-type) would stand up (rise to power). He would rule the world and would cause "craft" to prosper (which is deception, treachery, and fraud). And by "peace" he will destroy many... Peace is "security" (number 1 meaning in the definition).

What role does this third beast play in bringing about a one-world Government and religion? If the leopard body in the Beast (Revelation 13) indicates that the leopard of Daniel 7 is the greatest or leading power, and is "Assyrian" by Micah and Isaiah, this may indicate that the final human beast leader will be a Muslim (Assyrian). And France is leading in bringing in totalitarian control through climate change (agenda) and gun control (disarmament).
