Session 7: Calculating the Feast Days for the Final Years

Date: September 14, 2020 @ 10 AM (PDT)

- 1) Use the following New Moon Eve dates (*these are the evenings when the New Moon will be sightable – first visible sliver – so the next day is the New Moon Day*) to create a Biblical Calendar for the year 2021. The dates are given through 2028 (FYI):
