Worksheet 1: “Eyes of Wisdom: Prophetic Keys and Symbols”

Start Date: September 4, 2023

Key Scripture:

How to Correctly Study/Interpret Bible Prophecy:

Begin by reading *Five Keys that Unlock Bible Prophecy*, chapter 1.

What are the Five Keys?

- 1) **Torah** – Isaiah 8:20
- 2) **Prophets** – (all the prophets on a topic) – Isaiah 28:9-10; 2 Peter 1:20-21
- 3) **Feasts** – the Feasts are all prophetic shadows – Colossians 2:17
- 4) **Mazzaroth** – the signs in the heavens are prophetic – Genesis 1:14
- 5) **Sabbatical/Jubilee** – Yahshua will Return on the final Jubilee...

The Importance of Understanding Prophetic Symbols:

From Biblical times, symbol has been used to reveal truths – both good and evil. In the Scriptures, Yahshua is symbolized by many things: a worthy Lamb, the Bread of Life, the living Word, the Vine in which we are to abide, the Good Shepherd and many more.

Those who believe in Yahshua are represented in symbol as the Bride, the Barley or Wheat grain, the Church, the sheep who follow the Good Shepherd, and several others as well.

The kingdom of hell also uses representative symbols. The devil is represented in the Bible as the dragon and serpent. On his team we have the beast of Revelation 13, and many more symbols. Clearly, symbols are very important. Symbols tell us something about the entity that they represent.

Occultist Manly Palmer Hall talked about how important symbols are to the kingdom of hell.

Manly Palmer Hall was a Canadian author, lecturer, astrologer and mystic. Over his 70-year career, he gave thousands of lectures, including two at Carnegie Hall, and published over 150 volumes, although is most known for his 1928 work, ***The Secret Teachings of All Ages***.

Here's what Manly P Hall had to say about how revealing symbols are:

“When the human race learns to read the language of symbolism, a great veil will fall from the eyes of men.”

Through the imagery of symbols, it's almost like everyone is wearing a t-shirt which says, “I'm so-and-so in Bible prophecy”. It's as blatant as that. Through symbols, everything is clearly indicated and labeled. And yet, many have not known the significance of the symbols and may then have missed the clear labeling which helps believers know the clear identities of what and who we are up against.

Let's begin by taking a look at some of the blatant symbols used by the demonic global elite, and even well-known corporations.

The Trilateral Commission is a Zionist entity of the New World Order, which was created by David Rockefeller to help prepare the

United States of America for the New World Order.

Commission members include senators, congressmen, Presidents, and many other leaders as well.

The logo for the Trilateral Commission

The logo for the Trilateral Commission (Zionist entity of the New World Order) contains a 666. Each arrow when separated from the logo is a 6, making 666. David Rockefeller created this organization, based in the United States, to soften America to the New World Order. Commission members include senators, congressmen, President Clinton and many members of his cabinet. Other presidents have also been members.

depicts 3 curving arrows. Each arrow, when separated from the logo is a 6, making the logo for the Trilateral commission be a 666.

The California-based drink company Hansen's Naturals later came to be called the Monster Beverage Corporation. This company, is led by Rodney Sacks, Chairman and CEO and Hilton Schlosberg, President and COO. Notably, both of these men are Jewish. The fact that this company is owned by Jews is important. These are men who know Hebrew, so the logo is no accident.

Monster's logo looks like an M for Monster, made from the claws of an animal. That's what most people think it is. But the three claw marks on the company logo are actually in the shape of the Hebrew vav. Vav is the number 6 in Hebrew. So, the logo is actually a 666 in Hebrew.

In addition to the "666," there's a ton of other satanic evidence that have been discovered on cans of the Monster energy drink. That includes the design of the Monster logo's "O". The "O" is drawn in such a way that it's a cross that's turned upside-down every time someone takes a drink.

There's also the company slogan — Unleash the Beast.

We've all heard of Nike shoes... Nike is a pagan god. On the left is a picture of the stone carving of the Goddess Nike. This carving is located at the ruins of the ancient Greek city of Ephesus. On the right we see Nike, in a sculpture from a bronze vessel, which is believed to have been made in a Greek city of southern Italy, in about 490 BC. Today its housed in the British Museum, in London.

In Greek mythology Nike was a goddess who personified victory, also known as the Winged Goddess of Victory. Notice how the stone carved image of her looks like the Nike swoosh. The Nike swoosh is intentionally stylized from the pagan goddess's wings.

Several paganized symbols actually are examples of the enemy stealing Yahweh's symbols!

One very well-known pagan symbol is the pyramid with the all-seeing eye on top. The Eye of Providence is very much hidden in plain sight: not only does it appear on countless churches and Masonic buildings worldwide; it also features on the reverse of the American one-dollar bill as well as the Great Seal of the United States.

But where did the pyramid shape come from? Is this the devil's symbol?

Joseph was the first pyramid builder... Saqqara, found in 1926 that Imhotep, was a man... The pyramid was Yahweh's shape...

- 1) What sacred Thing is the shape of a pyramid?
- 2) According to Revelation 12:7-9, what event began in Heaven and continues to this day? War
- 3) It was a war being fought over the right to rule. The Devil, who is the red dragon, wanted to take the Throne of God, and reign in God's Place.

Isaiah 14:12-14 "How art thou fallen from heaven, O Lucifer, son of the morning! How art thou cut down to the ground, which didst weaken the nations! For thou hast said in thine heart, I will ascend into Heaven, I will exalt my throne above the stars of God: **I will sit also upon the Mount of the Congregation, in the sides of the North**: I will ascend above the heights of the clouds; I will be like the most High."

There are several clues in Scripture which indicate (when considered all together) that God's Throne is a pyramid shape:

1) His Throne is called the "Mount" of the Congregation, Isaiah 14:13

2) Yahweh's Throne is "high and lifted up" Isaiah 6:1

3) It is also described as being four-square with the length, breadth and height being equal, Revelation 21:16. What two shapes fit this description? Both a cube and a pyramid fits the description of being as wide and deep as it is high. But, only a pyramid shape also fits the prior description.

Added to that is this reference in Ezekiel, which specifically refers (in the original Hebrew) to God's Throne as a Pyramid.

Ezekiel 28:14 "Thou art the anointed cherub that covereth; and I have set thee so: **thou wast upon the holy mountain of God**; thou hast walked up and down in the **midst of the stones of fire**."

The word "pyramid" literally means "midst of the fire". Thus, this reference to Lucifer (who was renamed Satan) being a covering cherub at the Throne of God plainly refers to Yahweh's Throne as a pyramid.

Many of Yahweh's symbols are actually the alphabet letters of the oldest language on earth: Proto-Canaanite / aka Proto-Sinaitic is a Semetic (Shemetic... from Shem, the leader of righteousness among Noah's sons). The descendants of Ham (Ham begat Cush... who begat Nimrod, who built the Tower of Babel)

Recognizing Yahweh's Meaning & the Pagan Meaning of the Most Commonly Stolen Symbols:

Symbol	Original Meaning	Pagan Meaning
The Sun – Chamah	<p>“the hot one” (source of heat, which is spiritual life) – Source of Life... the Father, ultimately Yahweh... In Joseph’s dream (sun, moon and constellations bow down to his constellation)... Jacob immediately knew the meaning... The sun represented the father...</p>	<p>Satan is claiming to be the source of life and light... He claims this symbol in order to claim Yahweh’s worship.</p>

Symbol	Original Meaning	Pagan Meaning
<p>The Bull – supremacy and power (supreme) – aleph – <i>the Aleph...</i></p>	<p>This is the ALMIGHTY power of Yahweh being represented as the Bull of Heaven.</p> <p>Bulls were a sacrificial animal... depicting the mighty strength of Yahweh to provide Salvation.</p> <p>Yahweh provides LIFE – so great is His Power. But for those who reject LIFE in Him, He also is strong enough to eliminate sin.</p>	<p>Molech... Europa and the Bull is the story of how the sun-god shape-shifted into a bull and walked the earth... And had a child with Europa, the woman who rides the bull... We get Europe from this... The bull is the one who blesses the land (crops in ancient times, but its in money today...) Bull market... Shedding the innocent blood of babies, curses the land – giving hell greater legal ground.</p>

The Bull – a Heavenly Symbol from the Mazzaroth:

The Bull Constellation was one of two main-leading constellations – both of which are about Judgment... They are Joseph’s and Judah’s constellation: the bull and lion.

For the first 2000 years, after Creation, the sun visually entered the bull at the Spring *Tekufah*... So the bull was the start of the year. So the aleph marks the first...

The bull was actually a now-extinct animal called in Hebrew the *Re’eym* (scientific name: *Bog primigenius*). This animal was the symbol of Yahweh’s Judgment – at the Second Coming.

The bull represents the ALMIGHTY power of Yahweh, Who has all ability (unstoppably) to Judge the world.

- Numbers 23:22 – “God brought them out of Egypt, He hath as it were the strength of **an unicorn** (*Re’eym*)
- Numbers 24:8 – “God... hath as it were the strength of an unicorn. He shall eat up the nations His enemies, and shall break their bones.”

The bull constellation contains the star-cluster called Pleiades, which represents the Seven Angels, who pour out the Seven Last Plagues (Revelation 16) (Revelation 15:1, Rev. 1:20).

The Meaning of the Bull (as used by the kingdom of hell) – from *Return of the Gods* (Jonathan Cahn).

The bull is now represented as the sun god – who shape shifts into a bull and walks the earth... He was known as Ba'al, the rainmaker, the god of prosperity (fertility of the soil). He manifests in society today as the financial prospering entity. The bull of Wallstreet... New York Stock Exchange...

He gained strength over a land through child sacrifice. We need to connect End-time events to spiritual realities. Spiritual reality: “the shedding of innocent blood curses the land” (Torah)... the more cursed a land becomes, the more legal rights the kingdom of hell has to function and possess that land.

Politics is religion... Science is religion...

Come out of Babylon... into Zion - These are the two opposing forces / sides in Armageddon.

Babylon and the Tower of Babel in the Last Days:

Babylon is the Mother Religion

THE MYSTERY RELIGION of Babylon has been symbolically described in the last book of the Bible as a woman "**arrayed in purple and scarlet color**, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication: and upon her forehead was a name written, **MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH**" (Rev. 17:1-6).

When the Bible uses symbolic language, a "woman" can symbolize a church. The true church, for example, is likened to a virtuous woman (Eph. 5:27: Rev. 19:7,8).

But in Revelation 17:1-6, in striking contrast, we find the symbol of a harlot (prostitute). The Bible calls her "MYSTERY BABYLON."

Why is Babylon associated with this symbol in Bible prophecy? Because Babylon is claiming to be the right way to worship... Religion is "church"... Church is symbolized by a woman.

The Religion of Babylon Continued into Rome!

"The penetration of the Religion of Babylon became so general and well known that Rome was called the "New Babylon." Faith of our fathers 1917 ed. Cardinal Gibbons, p. 106

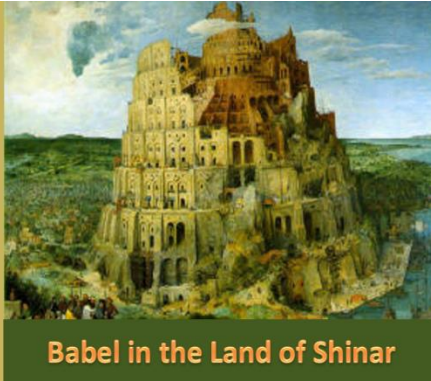

This is a quote from a Roman Catholic Cardinal!

The biblical description of Nimrod is rather short. It describes him in the "Table of Nations" (Genesis 10), alongside about 65 other figures. This table is largely a simple list of names—but prime space (several verses) is given to describing just one of these figures: Nimrod.

Genesis 10:8-10 -
"Nimrod began
to be a

mighty one in
the earth. The
beginning of his
kingdom was
BABEL..."

Babel in the Land of Shinar

Nimrod was clearly a powerful ruler, establishing many of the initial post-Flood cities. The name "mighty one" connotes "tyrant." He was renowned as a hunter, and the phrase "mighty hunter before Yahweh" would better read "mighty hunter *in the face of* and *in the stead of* Yahweh." This man, as we will see further down, set himself up as a god-leader over the nations, and he worked directly to counter the Will of God and claim the worship that was due Him.

The name Nimrod comes from *marad*, meaning, "he rebelled." The expression that he was a mighty one "before the Lord" can carry a hostile meaning the word "before" being sometimes used as meaning "against" the Lord. The Jewish Encyclopedia that Nimrod was "he who made all the people rebellious against God."

The Bible doesn't directly *say* Nimrod built the tower of Babel. But, it does say that he built Babel. And certainly the inference that he did is clear. Babel was the "beginning" of Nimrod's kingdom. Genesis 11 shows that it was here at Babel, during the first years of this city, that the great tower was built with the intention of reaching Heaven. This effort would have been led by Nimrod himself. Only after God confounded the language of the builders did the people scatter across the Earth. This explains why Babel was only the *beginning* of his kingdom, and why he needed to later build further cities to accommodate and keep together the scattering peoples.

Numerous ancient historians directly name Nimrod as the builder of the tower of Babel—most notably, Josephus.

After the Flood, the descendants of Noah lived in the area of Mesopotamia in Babylon. The population was growing, and the fact that everyone spoke the same language made cooperative work easier, as was necessary for establishing the

first cities of ancient Babylon. At the time, the greatest monument of all ancient accomplishments—the proudest symbol of Babylonian might—was the infamous Tower of Babel.

Scripture tells us that Nimrod called the people to help build the Tower to prevent being "scattered" over the face of the earth:

"And they said, Go to, let us build us a city and a tower, whose top may reach unto heaven; and let us make us a name, lest we be scattered abroad upon the face of the whole earth." Genesis 11:4

Through the scattering, people would not have been able to ensure a unified way of worship nor would they have been as effective at building the city-states and establishing a centralized government, as first came into existence in ancient Mesopotamia during this period of time. But the Tower of Babel was more than a monument to the power of early civilization. It had an even more blasphemous and even sinister purpose. Ancient historian, Josephus, wrote the following of Nimrod and his goals in building the Tower of Babel:

'(Nimrod) also said he would be revenged on God if He should have a mind to drown the world again; for that he would build a tower too high for the waters to be able to reach and that he would avenge himself on God for destroying their forefathers.' Antiquities of the

Jews, Book 1, Ch 4

Shockingly, Nimrod planned for the Tower of Babel to serve as an "ark" of safety for all idolatrous rebels! Rather than repenting for their idolatry and humbling their hearts to worship the one true God, Nimrod and his pagan followers were determined to defeat the Will of God and survive any future divine Judgments.

With such a wicked goal in building the Tower, it is understandable that only the pagans participated in the construction of the Tower of Babel. Those who

participated in Babel had accepted Nimrod's blasphemous leadership (Genesis 10:8-10) beliefs and system of unholy worship. Clearly, the Nimrodian idolators intended to continue their pagan lifestyle and ways of worship, fully knowing they were living contrary to the Will and Ways of *Yahweh*.

As a result, even though *Yahweh* had told Noah that He would not again wipe out the wicked with a global Flood, the followers of Nimrod did not believe God's Promise. They wanted to live however they wanted, while making it impossible for God to Judge them for it. Thus, the Babel Tower was not a project left to only a handful of Nimrod's followers. Households from the lineage of Ham, and some of Japheth, either personally built the Tower, or they sent family representatives to aid the building. Everyone who resisted *Yahweh* supported the construction of the Tower of Babel.

Thus, the Babel building project involved all households and peoples who choose paganism, for these were the people who future feared divine Judgment. Since only the pagans participated in the Tower Babel, only the pagans lost the ability to understand and use the original language, when *Yahweh* confounded the languages, as a divine Judgment, at Babel.

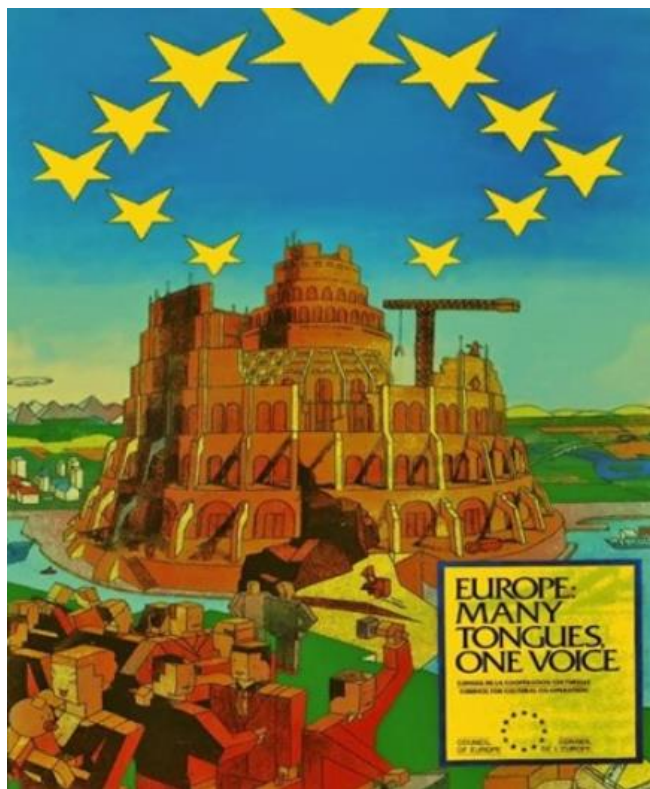

Understandably, the split in the languages also followed a fracture in the descendancy of the family of Noah. As we have seen, the Babel project was headed by descendants of Noah's son, Ham, which was Nimrod's own lineage. But those who rejected Nimrod's idolatrous leadership, were largely descended from Noah's son, Shem. The seed of Shem were called the Shemites, and later the Semites.

The Semites largely remained faithful to *Yahweh* and did not participate in the blasphemous Tower of Babel building project. Interestingly enough, this time bears prophetic significance and is a shadow picture of the polarized End-Time period of Armageddon.

The only people not participating or represented in the Tower of Babel project were the Semites (offspring of Shem, which were joined by a few from Japheth also). Thus, the Semites did not lose their ability to speak the Mother Tongue, as did the other peoples.

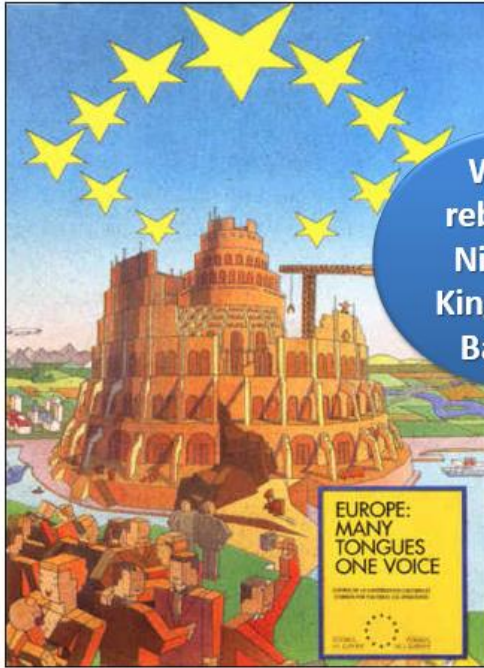

The Nimrodian rebels were disbanded into tribes which spoke the 70 new languages. And the Semites were the only people who still spoke and used Proto-Canaanite, after *Yahweh* confounded the languages, bringing the blasphemous Babel project to a halt.

Based upon the list of the descendants of Noah, given in Genesis 10—which is known as "The Table of Nations"—many scholars believe that there were seventy nations, who spoke seventy distinct languages, after the division of language which took place at the Tower of Babel.

Today, that number has increased, exponentially. From Afrikaans to Zulu, Italian to Japanese, there are currently 7,117 known languages spoken by people around the world, according to *Ethnologue*, which is widely considered to be the most extensive catalogue of the languages of the world.

Back in the early 1990s, the European Council released a poster which was based on Pieter Bruegel's famous painting of the Tower of Babel. It carried the caption, "*Europe: Many tongues, One voice.*"

Studying Current Events in Bible Prophecy Requires an Awareness of the Meaning of Symbols

Many companies and organizations use the pagan symbols of the all-seeing eye and pyramid and the 666 associated with the Beast in Bible prophecy.

One is Spiriva. The word Spirit is in Spiriva. It is a company that makes an inhaling spray to help with asthma. What spirit does the company associate with? According to their logo it's the spirit of the all-seeing eye from Nimrod.

The National Institutes of Health, of which Fauci famously was the head, contains the pyramid shape in its logo, the all-seeing eye in the center and the pyramid is formed by three stylized sixes, making the association with 666.
